

I just got a brand new printer,
Smokin' fast, a medal winner.
Put the ink in, pressed the button,
Waited, but I got no lovin.

Wish I didn't buy this printer,
Sure it's fast, but it's a quitter.
Didn't need no stinkin' printer
Anyways.

Wonderin' what I've got for dinner.
Ain't got no meals in my freezer,
Gotta locate that new diner.
Find a map with my computer.

Gotta email Hewlett Packard
They're the ones that made this damn turd
They don't fix it, not worth tryin'
Next time I will by an Cannon.
